

HB 6589

Candace Coffey

Dear Senator Gerrantana, Representative Johnson and Members of the Public Health Committee,

My name is Candace Coffey and I live in Northfield CT. I am currently in practice as a Dental Hygienist in Waterbury, CT. I am providing this testimony regarding HBNo.6589.

A dental hygiene midlevel provider has been studied and explored numerous times beginning in the 1940s. A study has already been researched and presented in the past. I know that my association has given information as recently as the 2012 legislative session.

I am in opposition to this bill since it has already been studied and feel it is time to move forward and hope that you will help us do just that by voting against it.

Thank you for your time and consideration to this.

Respectfully,  
Candace Coffey RDH
